In the interest of promoting this unique Fellowship opportunity to as many qualified individuals as possible, it would be helpful for us to get your feedback on the following questions.

- How did you hear about the Insight Fellowship (e.g., via a friend, via a university communiqué, via your own search methods, etc.; please be as specific as possible)?
- When did you hear about the Insight Fellowship?
- How did you find the application deadline date in terms of other commitments and obligations? Would you recommend a different application deadline earlier in the academic year that would allow you more time to focus on the application?
- Do you have any suggestions as to how we could better promote the Insight Fellowship in the future (e.g., newsletters, advertisements, notification of specific university departments or organizations, better application deadline dates, etc.)?
- Do you have any suggestions as to how to improve the application process (e.g., were the questions we asked clear enough, were certain aspects of the application process particularly onerous, did you feel that you had the opportunity to best promote yourself to us, etc.)?
